RFP Code	HCLF/RFP/Uday/IA/15042025
Programme Name	Uday by HCLFoundation
Date of RFP	April 15, 2025
Last date for submission	May 10, 2025
Location	PAN India

About HCLFoundation

HCLFoundation delivers the Corporate Social Responsibility (CSR) agenda of HCLTech in India through its flagship programs and special initiatives. As a not-for-profit organization, it strives to contribute towards national and international development goals, bringing about positive impact in the lives of people through long-term sustainable programs.

HCLFoundation has impacted 6.5 million lives through its various programs. Gender Transformative & Inclusive approaches remain central, with 54% of our beneficiaries being females. With special emphasis on vulnerable and marginalized groups, our programmes impacted over 13, 500+ persons with disabilities, especially women and children.

HCLFoundation aims to alleviate poverty and achieve inclusive growth and development through life cycle-based, integrated community development approach that focuses on Education, Health, Skill Development and Livelihood, Environment, and Disaster Risk Reduction and Response. At present, it is implementing five flagship programs, Samuday and HCLTech Grant (Rural Development); Uday and My Clean City (Urban Development); Harit - (Environment Action) and 4 special initiatives of Power of One, Sports for Change, Academy and My E-Haat.

As an outcome of HCLTech's commitment to uplift rural India:

- **Samuday** aims to develop a sustainable, scalable, and replicable model - a source code for rural development. Operational in Hardoi district of Uttar Pradesh, it takes an immersive approach. Drilling deep into communities, it galvanizes them to take charge and build assets, infrastructure, organisations and interventions they need most.
- **HCLTech Grant** aims to recognize path breaking models of rural development through a robust methodology and empower the Fifth Estate (NGOs) of India. It is HCL's extraordinary CSR commitment towards Nation Building.

In line with HCLTech's ethos of 'giving back' to its immediate communities, the urban flagship programmes evolved:

- **Uday** works across 11 HCL cities with an aim to strengthen the socio-economic ecosystem of communities and break the cycle of urban poverty using an integrated community development approach.
- **My Clean City** is our commitment to transform Noida into one of the cleanest cities in the world. It works at all levels of waste management including collection, transportation, and processing of waste.

Epitomizing HCLFoundation's response to rapidly unfolding crisis of environmental degradation:

- **Harit by HCLFoundation – The Green Initiative** aims to conserve, restore, and enhance both micro and macro environmental ecosystems, reversing the impact of climate change.

In addition, HCLFoundation also executes various special initiatives such as Power of One (Employee Volunteering Programme), Sports for Change, HCLFoundation Academy (E-Learning platform for and of the development sector), My E-Haat (an online portal to create market linkage for artisans) as well as Disaster Response and Management efforts.

For more details, please visit our website – <https://www.hclfoundation.org>

Vision

To be the source code for sustainable socio-economic and environmental development.

Mission

Nurture clean, green and healthy communities where everyone is empowered and equipped to reach their full potential in partnership with its employees, communities and stakeholders, while promoting volunteerism and establishing international standards of strategic planning, implementation and measuring impact.

1. Purpose and Objectives of the Impact Assessment

The objective of HCLFoundation impact assessment study is to evaluate & disclose the societal outcome on listed assessment criteria of

- Relevance of project
- Efficiency of project

- Effectiveness & uniqueness of project
- Impact created
- Sustainability of project

2. Impact assessment report should cover the following:

- Objective of the project
- Whether the objective meets if yes, then what extent
- The outcome of the project is based on the conclusion of baseline indicators wherever applicable
- Expected impacts in the long run
- Success indicator as per stakeholder involved & input provided
- Intangible benefits derived from completed projects.
- The projects undergoing for impact assessment are required to include Social Return on Investment (SRoI) and alignment with Sustainable Development Goal(s).

3. Approach, Methodology and Implementation plan

- The selected agency has to visit the project site(s) and interact with various stakeholders (beneficiaries, project implementation agency and their representatives, HCLFoundation Coordinators, public authorities etc.) for the purpose of study.
- Agency has to submit a brief research proposal, describing the proposed research methodology to be adopted including methods and tools to be used for data collection and interpretation. The proposal must have the timelines, and the manpower requirements defined for the study, keeping in view the geographical distribution of samples.

4. Who can apply?

The Agency applying to carry out Impact Assessment must fulfill the following conditions:

- a) The Agency may be a Government Undertaking / Registered Company / Registered Consultancy Firm / Registered Non-Government Organization / Academic Institution, specializing in conducting Impact Assessment
- b) The Agency must have a **minimum of three years' experience** of carrying out Impact Assessment / Monitoring & Evaluation work in the domain of Corporate Social Responsibility / Sustainability Services / Community Development Projects financed by any Central Ministry / World Bank and / or other international donor institution or Central / State Public Sector Enterprise.
- c) Proven track record and experience in managing multiple stakeholders and complex situations on the ground.

5. How to Apply

All proposals must be submitted with a short narrative indicating the objectives, features, etc., proposed methodologies including strategies, past experiences, proposed team, and timeline, and clearly defined milestones along with a set of deliverables.

The selected agency must visit the project site(s) and interact with various stakeholders (beneficiaries, project implementation agency and their representatives, HCLFoundation Coordinators, public authorities etc.) for the purpose of study.

Please submit your technical proposal abstract (**without any commercials**) along with any supporting documents (such as previous work done, domain expertise, etc.) with **Subject Line** in the given format: **HCLF/RFP/Uday/IA/15042025)/<Name of Organization>**

Please note that there is no set format for submission of the proposal and the same can be submitted as Word / PowerPoint / Pdf document but should cover all aspects of the framework and scope given above along with details mentioned below (under selection criteria).

All proposals must be submitted by May 10 2025 to kaisolo.pazhiini@hcltech.com, marking vineetkumar.mishra@hcltech.com and amendranath.pandey@hcltech.com in CC

All enquiries regarding this RfP should be made via email to kaisolo.pazhiini@hcltech.com , marking vineetkumar.mishra@hcltech.com in CC

6. Selection Process and Methodology:

Based on the documents submitted, the technical capability of the participating agencies shall be evaluated as per the evaluation methodology indicated below. The agencies fulfilling the experience criteria and securing more than 40 marks in technical evaluation, will be further invited to the submission of detailed project proposal along with the budget through a closed Request for Proposals (RfP) process.

Selection Criteria and Ranking:

CRITERIA FOR EVALUATION	SCORE
Proposed Methodology	30
Experience in Impact Evaluation (carrying out similar projects in the last 3 years)	20
Experience in respective thematic areas or sectors (carrying out similar projects in the last 3 years)	20
Team composition (One team member should have 10+ years of experience in respective thematic areas or sector related aspects)	15
Proposed Timeline	15
Total	100

7. CSR Projects for Impact Assessment

We are inviting multiple agencies for impact assessment of projects bifurcated into different theme mentioned below:

7.1 Health and Water, Sanitation & Hygiene

The list of CSR Projects for which the Impact Assessment Study has to be conducted is mentioned below:

8. Terms and Conditions

- From the time the proposals are open to the time the contract is awarded; Service Providers shall not contact HCLFoundation on any matter and any attempt to influence HCLFoundation in its evaluation of the proposals and award recommendation may result in rejection of the proposal.
- Your proposal must remain valid for a minimum of six (6) months from the date of expiry of the RFP deadline by HCLFoundation.
- HCLFoundation holds us accountable to children. Adherence to comply with HCLFoundation's Child Protection Policy and procedures with respect to child safeguarding is non-negotiable. A range of pre-onboarding checks can be undertaken in conformity with HCLFoundation's Child Protection Policy.
- This document is RFP only, and in no way binds HCLFoundation to make an award. HCLFoundation reserves the right to reject all responses received and/or to cancel the RFP. HCLFoundation will not be obliged to either inform or provide justification for the rejection of proposals.
- HCLFoundation will not be liable for any cost incurred during the preparation or submission of this RFP.
- Any agency applying should also declare conflict of interest or related party conflict with the project being assessed for impact as above, during the submission of the technical proposal. HCLFoundation reserves the right to not consider the technical proposal further, despite the merits being in the same if there is a discrepancy.
