## **HCLFoundation**

HCLFoundation delivers the corporate social responsibility agenda of HCLTech in India. It contributes to national and international development goals by investing in long-term sustainable programs and special initiatives with thematic focus on education, nurturing grassroots sports, health and sanitation, skill development and livelihood, environment and disaster risk reduction, and response management. To ensure equitable development, child protective strategies, inclusion and gender transformative approaches are at the core of all the programs. Till date, the HCLFoundation has positively impacted over 5.5 million lives. To learn more visit [www.hclfoundation.org](http://www.hclfoundation.org)

## Samuday

Samuday, a flagship programme of HCLFoundation, is an outcome of HCLTech's commitment to transform rural India. Established in 2015, Samuday intends to develop a sustainable, scalable, and replicable model – a source code for social, economic and environmental development of rural areas in partnership with state governments, local communities, NGOs, knowledge institutions and allied partners. This is done through optimal interventions across Agriculture, Education, Environment, Health, Livelihood, and WASH (Water, Sanitation & Hygiene).

Bridging gaps with  
literacy and learning
